GOAT HILL ROAD

This is a quiet road, please respect our neighbors' privacy

- please don't trespass
- please pick up dog poop and put into a bin
- please don't peer into houses that are close to the road

HOUSE RULES

No Smoking – Inside or Out

Garbage – Is collected every Friday at around 7am

Recycling – Is collected every other Friday at around 7am

Fires – No outside fires except in the solo stove, inside via stove (WIP - being installed)

Usage – The house is not permitted to be used for any commercial use or commercial. All guests must be declared in Airbnb, including visitors not staying the night. No outdoor camping shall be allowed this includes tents, yurts etc.

Parking – there is room for 2 cars on the drive, do not park in the road or on the land.

Cleanliness – House has a lot of new furniture; we want to keep it nice! please use a coaster and placemats. Clean up anything spilt quickly. The wood is semi-treated, it will mark very easily. Please take off shoes, careful with dogs and kids!

Summer – Keep the screen doors closed, so to avoid bugs coming in.

The House

I want to get to the house

Google maps will get you to the entry road to the house (pictured below on the left). This is where the recycling and trash bins are. Once you reach this turn, make a left and drive up about 500m until you hit the first right (picture below on the right). Make a right and you can see the house on the hill.

I want to sleep

Please wash off your makeup before sleeping. Let's keep those white sheets white! The sheets for the sofa bed in office or the air mattress are in the drawers below the TV. The air mattress is also in the drawer below the TV.

The master suite has a foam king bed (Nectar)

Why is there a security camera?

There is just one facing outside in the entranceway. This is for your safety and ensures the house isn't burgled when not in use.

I want to shower

Bodywash is provided. Spare towels are provided in the closet in the bedroom.

I want to cook

The kitchen is well stocked with silverware, glasses, pots, frying and baking pans. There is a microwave, full-size blender, and kitchen-aid stored in the cabinets near the dining table.

Oil, salt and pepper are provided.

Spices are in the cabinets above the kitchen counter. If you use something up, please replace it or let me know.

I want to use the kitchen sink

This is a fancy sink, and it may look like it doesn't work. Do not fear, after "turning it on", you must tap the side to activate the water.

I want to make coffee

We love coffee. There are two ways, V60 pour-over and a standard coffee maker (in the cabinet above coffee space).

- One person V60 - use the V60 over a coffee mug. Put it on the Hario Scale. This has a timer on it, too—Preheat the cone and cup. I would recommend 20 grams of coffee to 300 ml water, water just off the boil, bloom 40 grams of water for 30 seconds, and then gradually add, should take about 3 mins.
- Two-person V60 - use the V60 over the glass jug. Roughly double the water and coffee. 40 grams of coffee to 600 ml water, bloom 80 grams of water for 30 seconds and gradually add.

There are many ways to do it. <https://www.stumptowncoffee.com/brew-guides/v60>

I want to connect to WIFI

This should be done through the Airbnb app

I want to grill

There is a weber grill on the deck

Please clean the grill after use.

You can find charcoal, firelighters in the cabinet near the dining table. I try to keep this resupplied, but it may have run out depending on previous guests.

The bottom of the grill pulls out to empty ashes.

I want to clean my clothes

The washer/dryer is in the office; cleaning tabs are provided. There is drying rack and hamper next to the washer/dryer.

I want to listen to music

Once you are on the network, Spotify will pick up the Sonos speakers on your phone. You can stream music to it.

If you want to group speakers together, download the Sonos app. Contact me if you are unsure.

I want to watch TV

You are welcome to sign into the apps on the TV too. Please remember to sign out when you leave.

What is the Computer Setup?

There is a standing desk in the office. An Apple Magic Keyboard + numeric keypad and Magic Trackpad, webcam, Jabra and screen are provided to plug into your laptop.

Note that the keyboard and trackpad will only work with Apple.
Use a lightning cable to pair the keyboard and mouse.

I want to empty the trash

Waste management empties the trash every Friday and recycling every other week.

The bungee cord onto the bin securely. If we don't do this, the trash will be opened by animals and spread over the driveway.

I want to go into town for a meal or coffee

My favorite coffee shops in Woodstock is Bread Alone, Garden Coffee Woodstock

My favorite restaurants are the following (in no particular order)

- Red Onion - American fancy fare
- Good night - great modern Asian cuisine (James Beard nominee)
- Shelter - South American modern fare
- Silvia - New American

Here are some other good ones:

- Pearl Moon - Good for quick brunch/dinner
- Oriole 9 - Good brunch place

If you want to venture a little further down the road to Saugerties:

- The Dutch
- Miss Lucy's Kitchen

I want to go for a hike!

Dog-friendly parks (All hikes around the area are very dog friendly as long as you keep them on the leash)

I am looking for a chill (easy-moderate hike)

- Sloan Gorge Preserve | Woodstock Land Conservancy — You can walk from the house to this preserve ~30 min walk

Woods Cabin Guidebook

- Saugerties Village Beach
- Falling Waters Preserve

I am looking to sweat a little bit and get that heart rate up (intermediate hikes)

- Huckleberry Point Trail
- Overlook Mountain Trail
- Kaaterskill High Peak Trail

I am looking to kill myself on a 4hr+ hike and really accomplish something! (hard hikes)

- Peekamoose
- Devil's Path
- Indian Head Mountain Loop

Enjoy your stay!
